2026 BEGINS HERE

Warm Greetings and Welcome to 2026

There is no better way to begin the year than waking on its first day surrounded by the jungle and the calm of the valley. The Year of the Horse brings purposeful movement, freedom, and quiet strength. At Viceroy Bali, this spirit is reflected in the rhythm of nature, our private villas, and the ease with which each day unfolds. As the new year begins, we wish you a time of fresh beginnings, alignment, and effortless flow.

NEW FACE, NEW ROLE

A.A Gde Agung Saputra
Assistant E-Commerce Manager

Recently joined, Agung is a great addition in helping make Viceroy more visible in this digital age.

What makes you click “book now” when you travel?

If the property looks stunning and the offers feel genuinely rewarding, especially with resort credit, I’m sold. It makes the decision feel easy and exciting.

Wayan Sukariana
CasCades Restaurant Supervisor

Big cheers to our newly promoted Restaurant Supervisor. At CasCades, running the restaurant is all about heart, passion, and taking care of people, not just serving meals.

What do you want people to feel when they enter CasCades in 2026?

I want every guest to feel warmly welcomed, as if they are arriving at their own home, with genuine service that makes them want to return.

I Made Bayu Saputra
Pinstripe Bar Bartender

Assessment passed and now fully behind the bar at Pinstripe, Bayu is your craftsman for the night.

If you could mix the new year as a cocktail, what flavours would it have?

It would be a generous mix of warming spices, ripe fruits and a splash of wine. Familiar, comforting and full of promise.

A MOMENT TO RENEW AND DISCOVER

GATES TO YOUR HEALING JOURNEY

Akoya Spa: A Return to Flow

Akoya Spa, meaning Valley Spa, offers a refined selection of treatments designed to restore and renew, inspired by Balinese healing traditions and modern wellness science. Located in Ubud, a town whose name comes from the word “obat”, meaning herb or medicine, the spa reflects the region’s deep connection to natural healing, with skilled therapists, premium products, and treatments enjoyed in serene treatment rooms or the privacy of your villa.

akoyaspabali.com

Healing and Blessing Ceremony

Step into a deeply personal spiritual journey rooted in Bali’s sacred traditions. Guided by a traditional healer, the path unfolds from gentle energy work to a private blessing at the home temple of a Balinese High Priest. Thoughtfully captured by a professional photographer, this meaningful ritual becomes a lasting memory of your stay.

Meet Our New Executive Chef: Gerry Nainggolan

Viceroy Bali is delighted to welcome Chef Gerry Nainggolan as the new Executive Chef, marking an exciting new chapter for one of Ubud’s most established dining destinations.

allows a sense of place to shine through every dish.

At CasCades, Chef Gerry introduces a refreshed culinary direction that blends modern International and Indonesian cuisine, enriched by global influences. His menus highlight seasonal produce, locally sourced ingredients, and refined techniques, resulting in dishes that are elegant, expressive, and deeply connected to Indonesian identity.

For Chef Gerry, cooking is a form of storytelling. Each plate reflects heritage, creativity, and an honest respect for flavour, perfectly aligned with CasCades’ long standing legacy overlooking Ubud’s lush valley landscape.

With over 15 years of international experience, Chef Gerry has built his career across Indonesia, Dubai, and the Maldives. Most recently, he led the culinary programme at the renowned NIHI Sumba, ranked number ten on The World’s 50 Best Hotels 2024 and awarded Three MICHELIN Keys. His approach is grounded in sustainability, close relationships with local producers, and a thoughtful style of cooking that

The importance of sustainable development for Viceroy Bali.
This month we are showcasing some of our sustainability efforts and tips.

What we do at Viceroy

- I** We aim to set our air conditioners to 25 degrees wherever possible. When you leave your room, please consider raising the temperature by a few degrees or, even better, turning it off.

- II** Our resort minimizes the use of single-use plastics. You can rest assured that drinking tap water and brushing your teeth is safe. We have a 80-meter deep bore well, and we test our water quality monthly.

- III** Once a month, we organize a cleaning session in the surrounding village of Nagi and along the road leading to the resort. All departments, including management, participate in this activity.

- IV** It's not so glamorous but... we have installed an extensive sewage treatment system that processes waste through an eighteen-step organic process, producing clean water that is safe to return to the local river. This benefits the downstream villages, even though such measures are unfortunately not mandated by law.

- V** If you do not want your bed linen changed, please place the wooden plaque on your bed. Additionally, you can request housekeeping to refrain from changing your towels daily by simply hanging them up after use.

- VI** If you are in your villa enjoying the pool or terrace, please keep the terrace doors shut to prevent cold air from escaping and to avoid overworking the air conditioner.
